2016 WellBeing and Daily Life
Final Release File
Release 1

The final release of the 2016 WellBeing and Daily Life data file is now available. The 2016 WellBeing final release data consists of one data file with 8,341 records and 312 variables. The data, codebook and Data Users' Guide are provided in this .zip package. In the .zip package, we include the entire data file in ASCII format and SAS, SPSS and STATA data definition statements. These statements provide variable names, locations, and variable labels. The codebook and Data Users' Guide are available in PDF format.

The 2016 WellBeing box-and-arrow questionnaire document is available in PDF format at
http://psidonline.isr.umich.edu/Guide/documents.aspx.

The definition statement files are not intended to represent complete and full programs for the respective statistical program packages to run extracts, analysis, etc. You must provide all other statements needed to complete a program. Missing data statements are not provided as part of the files.
